

All-State Career, Essington, PA

Dear Current or Prospective Student,

The Pennsylvania Department of Education and Health requires that higher education institutions disclose information regarding the certification rates of their emergency medical service (EMS) programs. In accordance with *“The Pennsylvania Code § 1025.1 Accreditation and operational requirements of Emergency Medical Services Educational Institutes”* institutions are required to disclose the following information:

- ❖ The percentage of students for the previous 3 years who enrolled in and completed each EMS provider educational course offered by the institute; and

- ❖ The percentage of students for the previous 3 years, for each EMS provider educational course, who obtained EMS provider certification, and a percentage of the students who obtained certification after a first examination.

All-State Career School’s EMS Department has verified the following EMS certification rates for the Emergency Medical Technician program:

Emergency Medical Technician (Diploma Program)								
Calendar Year	Number of Students who started during the cohort	Number of Student Drops	Number of Student Graduates	Percentage of Students who Completed Program	Number of Graduates who Obtained Certification (First-Time Test Takers)	Percent Certified (First-Time Test Takers)	Number of Graduates who Obtained Certification (All Attempts)	Percent Certified (All Attempts)
2020	21	8	13	62%	4	31%	4	31%
2021	16	4	12	75%	2	17%	2	17%
2022	18	3	15	83%	5	33%	10	67%

These rates are made available for the purpose of satisfying the Pennsylvania Department of Education and Health and are not to be construed as advertising.
